Mr. Philip H. Trezise
Deputy Assistant Secretary
for Economic Affairs
Room E 6828
Department of State
Washington 25, D. C.

Dear Phil:

I am enclosing three of our recent studies dealing with the economies of India and China, and China's military capabilities against India.

There are some other materials that are pertinent to the interests discussed at lunch which I am getting together. I will be out of the office the first week in December, but will be back in on the 10th and will call you about dropping over with these additional studies.

Sincerely yours,
